Custom sitar bridges - main bridge only

edge-grain quarter-sawn cedar feet and antler top	
fully carved in the old traditional "lace" style.....	\$230
one-piece Lignum Vitae feet and top	
fully carved in the old traditional "lace" style.....	\$180
edge-grain quarter-sawn cedar feet and corian top	
fully carved in the old traditional "lace" style.....	\$165

These bridges have no jawari. Jawari is additional.

To do a proper jawari it is necessary to have the instrument.

Jawari IV - complete/full jawari\$180

Without the instrument, a "generic" jawari can be provided.

basic shape on the top typical of two main playing styles,
string cuts for the two main playing styles, feet height modified
to client-supplied measurements.....\$ 50

See the Gallery page on my website for pictures of many of these repairs,
custom bridges and PUW pickup installation.
