'Pick up the World' sitar pickup installation

with a modification of the langort (tail-piece).....\$280 (includes pickup)

Custom sitar bridges as a complete bridge.

- edge-grain quarter-sawn cedar feet and antler top
fully carved in the old traditional "lace" style.....\$230
- one-piece Lignum Vitae feet and top
fully carved in the old traditional "lace" style.....\$180
- edge-grain quarter-sawn cedar feet and corian top
fully carved in the old traditional "lace" style.....\$165

These bridges are provided with a "generic"
unvoiced jawari with string cuts. They would still
need a "complete/full" jawari to be properly
fit and voiced to a specific instrument.....\$130

See the Gallery page on my website for pictures of many of these repairs,
custom bridges and PUW pickup installation.
